

## Instructions for Abstract submission for the “Book of Abstracts”

In order to speed-up the publication process of the “Book of Abstracts” that will be distributed to the participants at the beginning of the Session, a standard model has been developed that has to be strictly respected by the Authors (Abstract Model.dot).

To assign the proper format to the text the “Style and formatting” bar has to become visible on the screen by clicking on the icon circled in red

A column on the right side containing the available Styles to be applied will become visible.

Please assign to the various titles and subtitles of the manuscript the proper style.

You are also requested not to modify the styles in order to have the same ones in all the manuscripts that compile the Proceedings
